

Press kit for Copenhagen Sprint 2025

Welcome to Copenhagen Sprint – A Historic Moment on Danish Roads!

In just a few days, cycling history will be made on Danish soil! For the first time ever, Denmark will host its very own UCI World Tour race for both women and men. Two days. Two races. One world-class cycling celebration!

The women's race takes place on Saturday 21 June, followed by the men's race on Sunday 22 June. Starting in the historic city of Roskilde, the route passes through nine participating municipalities before reaching the 11 km finishing circuit in the heart of Copenhagen.

To support your coverage of this landmark event, we've compiled a media kit featuring quotes, race information, maps and the full event programme – including race details, press facilities and the festival schedule in central Copenhagen.

Access the full press kit here: [UK – version](#)
